syGabber is a Dufour 38 classic. Main characteristics: length 11,65m, beam 3,85m, draught 1,45m, 6,5ton displacement, sloop rig, wing keel and GRP construction. Gabber was built in 1999 since 2019 we sail her. We plan to travel along the coasts of The Netherlands, Belgium, France, UK, Spain, Portugal, Canary Islands, Cabo Verde and cross the Atlantic to the Caribbean. For energy we depend fully on solar panels and a wind generator so QSO time is limited.
